

# Pick Tomorrow's Winning Stocks the Night Before.

## 4 Week FREE TRIAL

eIBD™ does all the hard work for you, turning stock market information into action. Our reports, charts, and analysis give you comparative data and ratings on stocks to trade - making you a better investor.

With eIBD™ you get:

✓ **Key Tools to Help You Win in the Stock Market:**

- **IBD Stock Checkup**®, check the true health of your stocks with unbiased ratings
- **Stocks On The Move**™, an idea-generating list revealing stocks experiencing heavy buying and selling by institutional investors
- **Screen Of The Day**, pick stocks like a professional. These daily screens indicate stocks favored by institutional investors - making them potential winners for you
- **IBD Charts**, know when to buy and sell, with key decision-making data highlighted in each graph

✓ **Key Tools to Save You Time:**

- **IBD 100**®, a computer generated listing of leading companies trading in the U.S.
- **My Stock Lists**, track the performance and ratings of your current-list and watch-list stocks
- **IBD's Top 10**, monitor the market with a front-page listing of valuable information about changes in the market that may affect your investment choices

✓ **Key Tools to Make You a Better Investor:**

- **Stock Do's and Don't's**, hone your trading skills with unbiased trading information written to help you understand the market
- **Investor's Corner**, learn investing skills with an educational column with insights and lessons on smart investing
